BEFORE THE BOARD OF MEDICAL EXAMINERS
OF THE STATE OF CALIFORNIA

In the Matter of the Application for
Restoration of Revoked Certificate
of

ARTHUR LAWRENCE CUMMINGS

Respondent

NO. D-365

LA 3845

DECISION

This matter came on regularly for hearing before the Board of Medical Examiners, Alfred J. McGuire, Hearing Officer of the Office of Administrative Procedure, presiding, at Los Angeles, California, on August 24, 1964, at the hour of 9:00 a.m., ten members of the Board being present. Conrad Lee Klein, Deputy Attorney General, represented the Board. The respondent appeared in person without representation. Evidence both oral and documentary having been introduced, and the matter submitted, the Board makes the following findings:

I

On or about November 29, 1956, after a hearing duly held, respondent's license to practice medicine and surgery in California was revoked. Said revocation was based upon the fact that the respondent was convicted of Attempted Abortion.

II

Since the revocation of respondent's license, respondent has engaged in the manufacture of X-ray accessories.

III

Respondent for the last several years has lived in a small community in northern California and is desirous of having his license restored as there are no practicing physicians closer than forty miles and that some of the persons living in that community have sought the professional assistance of respondent, which respondent has refused to furnish due to the present status of his license.

* * * * *

Pursuant to the foregoing findings of fact, the Board makes the following determination of issues:

Respondent has made a satisfactory showing that it would not be against the public interest to grant the application for restoration of his revoked certificate.

* * * * *

WHEREFORE, THE FOLLOWING ORDER is hereby made by the Board of Medical Examiners:

The application of Arthur Lawrence Cummings for restoration of his revoked certificate is hereby granted; provided, however, prior to the time respondent seeks to exercise any of the rights and privileges granted to him by his said license, respondent must first take and successfully pass an oral examination on the subjects defined in Section 2288 of the Business and Professions Code.

This decision shall become effective on the 24th day of September, 1964.
